

Marking Rubric			
Assignment name	Practical 1.2		
Course code	CSC211		
Student no.	4271451		
Mark	50		
Total	46		
Question 1: Contact Tracing	Max.	Mark	Feedback
User Input (Ask for amount of babies then i j pair)	5	3	1-4: Error occurred
Algorithm Implementation (5 marks for iterating over the list of babies, 5 marks for second iterations, 5 marks for comparison method)	15	15	15: Correct algorithm and return value
Correct Output	5	2	some aspects missing
TOTAL	25	20	
Questoin 2:	Max.	Mark	Feedback
Pseudo Code (Step by step approach on how to solve the problem)	5	1	1-2 missed certain core aspects
Algorithm Explanation (Students must explain how they get user input, how to compare adjacent pairs, and the core "if")	15	15	15: Thorough explanation
Format (code documentation, naming conventions, efficient code)	5	5	0: no evidence of format/documentation
TOTAL	25	21	
GRAND TOTAL		41	

plus the bonus mark of 5
